

# Rehabilitation Services

---

## Community Rehabilitation Programs

Often referred to as **community facilities**, this group of non-profit community rehabilitation programs primarily provide, under contract, employment related services for RS consumers (persons with disabilities). These individual programs are sparsely located around the state. The types of services contracted may range from a few to several, depending upon the local needs and the amount of contract funding available.

*The community rehabilitation programs are listed below alphabetically  
by city.*
